DATE: 14 April 1998

MEMORANDUM FOR RUU USERS

SUBJECT: Software Version Description (SVD) for Installation
Support Module (ISM) Record Update Utility (RUU) Software Change
Package (SCP) P05-A67-08-00-A

1. Enclosed is SCP P05-A67-08-00-A which provides a formal change information to the Record Update Utility (RUU) ISM
2. Acknowledgement of installation of this SCP must be made IAW instructions provided in Enclosure 1.
3. This memorandum certifies that the ISM subject software has been thoroughly tested, is considered to be a quality product, and is hereby authorized for release to a production environment.
4. Security Implications: NONE.

1. Scope

1.1 Identification. This Software Version Description (SVD) applies to the Record Update Utility (RUU) running on Army Standard Information Management System (ASIMS) and networked AIX operating system on UNIX platforms.

1.2 System Overview. RUU is part of the ISM Project which is an

army-wide Major Automated Information System (MAIS) initiative. The primary objective of ISM is to enhance, through automation, installation management functions. ISM applications consist of standard procedures packaged into functional applications which automate as well as integrate day-to-day installation processes. ISM applications use the Installation Level Integrated Data Base (ILIDB), which is the central repository for data that is common to more than one ISM application, and various local databases that contain data elements unique to the individual ISM applications.

The RUU software supports the personnel portion of demobilization. This may be utilized to perform the peacetime (garrison) Military Personnel (MILPER) functions that support In-Processing (INPROC), Out-Processing, (OUTPROC) and Transition Point Processing (TRANSPROC). It facilitates the preparation and administrative handling of records, forms, memos and orders and automation of required forms.

1.3 Document Overview. This document provides the instructions necessary for the implementation of the formal Software Change Package (SCP) P05-A67-08-00-A of RUU. It informs the users of the changes made to the system and provides Point of Contacts (POCs) to be contacted in case of problems.

2. Referenced Documents

2.1 Referenced Documents. This paragraph has been tailored out.

3. Version Description

3.1 Inventory of Materials Released. This paragraph has been tailored out.

3.2 Inventory of Software Contents. Hardware platform - ASIMS/UNIX AIX operating system users (installation supported). This change package contains the following files.

PROGRAM	VERSION	UPDATE
README. ruu_0800	0800	09 Apr 1998
ruu_0800. cpi o. Z	0800	09 Apr 1998
install_ruu_0800	0800	09 Apr 1998

Change Package Control Number: P05-A67-08-00-A

3.3 Changes Installed.

3.3.1 Corrector Descriptions - Technical.

1. ECP-S/U P05-T201-007
 - A. CYCLES: None
 - B. PROGRAM: RUU
 - C. PROBLEM: For a specific SSN all information entered on DD93 will not print. States someone is missing on 93, but all info is there.
 - D. RESOLUTION: Modified query to review information

entered.
E. ICP: P05-A67-07-01-A

2. ECP-S/E P05-S300-004

A. CYCLES: None
B. PROGRAM RUU
C. PROBLEM Save Witness Information and prepopulate SGLV print screen.
D. RESOLUTION: Created a table in RUU to save witness information and use it again.
E. ICP: P05-A67-07-02-A

3. ECP-S/E P05-R077-008

A. CYCLES: None
B. PROGRAM RUU
C. PROBLEM Problem adding new users to RUU.
D. RESOLUTION: Modified code to add and display new RUU users.
E. ICP: P05-A67-07-03-A

4. ECP-S/U P05/X3C-A150-013

A. CYCLES: None
B. PROGRAM RUU
C. PROBLEM Changes AIX 4.1.4 and ORACLE 7.1.4 to AIX 4.2 and ORACLE 7.3.3
D. RESOLUTION: Migrate to higher version of AIX and ORACLE.
E. ICP: None.

3.3.2 Corrector Descriptions - Functional.

1. ECP-S/E P05-R302-008

A. CYCLES: None
B. PROGRAM RUU
C. PROBLEM \$200,000 default
D. RESOLUTION: Modified RUU to have \$200,000 default value.
E. ICP: P05-A67-07-01-A

Change Package Control Number: P05-A67-08-00-A

2. ECP-S/U P05-T201-001

A. CYCLES: None
B. PROGRAM RUU
C. PROBLEM DD93 Info being cleared.
D. RESOLUTION: Modified RUU to put SSN and phone numbers in appropriate spaces.
E. ICP: P05-A67-07-01-A

3. ECP-S/U P05-T201-006

A. CYCLES: None
B. PROGRAM RUU
C. PROBLEM Need to be able to permit minor children living on own in RUU.
D. RESOLUTION: Modified RUU to allow minor children living on own.

E. ICP: P05-A67-07-01-A

4. ECP-S/E P05-U401-010

- A. CYCLES: None
- B. PROGRAM: RUU
- C. PROBLEM: Add "Other Dependent" to choices for relationship.
- D. RESOLUTION: "Other Dependent" added to choices.
- E. ICP: P05-A67-07-02-A

3.3.3 Summary of Changes.

a. Copy library member changes.

- 1. Changed: None.
- 2. Deleted: None.
- 3. Added: None.

b. Control library member changes.

- 1. Changed: None.
- 2. Deleted: None.
- 3. Added: None.

3.4 Adaptation Data. This paragraph has been tailored out.

3.5 Related Documents.

3.5.1 Technical Documentation Changes. A new AIX version of Software Center Operator Manual (SCOM), AISM 25-P05-A67-AIX-SCOM dated 10 December 1996 has been issued. This current version of AISM 25-P05-A67-AIX-SCOM may be obtained from:

U. S. Army Information Systems Software Development Center-
Washington
Attn: AMSEL-SE-IS-E-I Stop H-5.
Fort Belvoir, VA 22060-5576.

3.5.2 Functional Manual Changes. There are no functional documentation changes for this package.

3

Change Package Control Number: P05-A67-08-00-A

3.6 Installation Instructions. These instructions explain how to install RUU SCP P05-A67-08-00-A onto the host computer at the installations.

Pre-Install Procedure. Before beginning to install RUU SCP 08.00 onto the ISM host computer, follow this procedure to make sure you have the information you will need when installing.

STEP 1. Verify Oracle. The Oracle RDBMS must reside on the host and be on-line.

Install Procedure. This procedure installs SCP 08.00 for RUU onto the installation server. This installation pertains to moving and installing this software from a machine running Solaris 2.4 operating system to a machine running the AIX 4.2 operating system.

STEP 1. Login with the login name of "root".

- STEP 2. Change directory to /usr/tmp.
Make a directory named "ruuICP.0800".
- STEP 3. Change directory into /usr/tmp/ruuICP.0800.
Copy the following files into /usr/tmp/ruuICP.0800:

ruu_0800.cpio.Z	19550871	09 Apr 1998
README.ruu_0800	793	09 Apr 1998
install_ruu_0800	4849	09 Apr 1998

- STEP 4. Execute the following commands:
- ```
chmod 777 install_ruu_0900 <Enter>
./install_ruu_0800 <Enter>
```

3.6.1 Installation Effective Date. This SCP should be immediately implemented upon receipt or NLT 30 days from date of receipt.

3.6.2 Security Implications. This paragraph has been tailored out.

3.6.3 ANSOC Installation Instructions. All users receive the same baseline with change package number through e-mail and Status Tracking and Reporting System (STARS) Bulletin Board System (BBS). This change package contains the following files:

| Quantity | File ID          | System     | Change Package  |
|----------|------------------|------------|-----------------|
| 1        | ruu_0800.cpio.Z  | AIX OS 4.2 | P05-A67-08-00-A |
|          | README.ruu_0800  |            |                 |
|          | install_ruu_0800 |            |                 |

Change Package Control Number: P05-A67-08-00-A

Ensure that all master file backups have been completed prior to loading this package.

Use these load instructions to develop load procedures that work best for your installation.

Due to various user configurations, each installation must determine appropriate block-size and library allocations.

Users must not, repeat, must not, make changes to the files.

Security impact: None.

3.6.4 Installation Instructions. All installations must use the same load procedures for ICPs and SCPs.

3.6.5 Special Installation Instructions - All Users. None.

3.6.6 Point of Contact. If there are any problems or questions with the installation, or any shortage to the contents of this package, call the Army Network and Systems Operator Center (ANSOC), Ft. Huachuca: DSN 879-6798/6858 or 1-800-305-3036.

3.6.7 Report of Implementation. Implementation of this change package must be reported by completing the change package implementation form. This report must be sent to Ft. Huachuca using Fax or mail.

3.7 Possible Problems and Known Errors. This paragraph has been tailored out.

#### 4. Notes

4.1 Notes. This paragraph has been tailored out.
